Marburg, November 22, 2021

to all students of
the Philipps-
University Marburg

To the President, the Chancellor and the Legal Department of the Philipps-University for your information

At the request of the 56th Students-Parliament we invite you
to attend a

**„We are taking back the
University! –
Underfunding and counteract
isolation“**

GENERAL MEETING

of all students of the Philipps-University Marburg

on Wednesday, Dezember 01, 2021 at 6:15 p.m.

online uni-marburg.de/rF7yw

The Covid-19 pandemic has turned our student life upside down in all areas. While the financial situation of the Philipps-University is more precarious than ever. We all have to struggle with isolation - the Assembly is meant to be a space for sharing our experiences and to turn the frustration that has built up in the past four semesters during the covid-19 pandemic into a common joint action.

At the assembly we want to give an overview of the effects of the structural underfunding of our university and discuss how this, especially during the Covid-19 pandemic, is affecting our student situation and the quality of teaching. The exchange should result in a plan of action, which will concretize our possibilities for action in concrete terms.

The event will be held online.

At: <https://www.asta-marburg.de/gremien/studentinnenparlament/> you will find the link to the online room and a "How-to-VV Flyer". All important information about the course of the meeting can be found there. It is especially important for the course of the VV that you submit motions that can be voted on. The motions can be submitted until Tuesday 24:00. To do so, please send an email with the attached proposal to: Stupa@asta-marburg.de. All motions will be uploaded by us on the above mentioned website. There they are available for all to see. We ask you to read the motions before the plenary meeting to get an overview.

Preliminary agenda:

1. Welcome and approval of the rest of the agenda
2. Giving of the rules of procedure
3. Responsibilities
4. Current financial situation of the Philipps-Universität Marburg
5. Student situation in times of structural underfunding and pandemic
6. Other

The meeting is open to the public.
